I. Minutes No. 91.

Minutes of the Meeting held on 6th March, 1947, were approved.

II. Case of Dr. MADORI (Docs. I/71 and I/77).

M. de BAER recalled the Committee's decision of 4th December, 1946, when it was decided to adjourn further discussion of the case in order that the Yugoslav National Office might produce definite evidence showing Madori's complicity in the burning down of the library at Ljubljana; and to establish whether the surrender of Madori had been requested by Yugoslavia. The latter point had already been clarified (see Doc. I/77). With regard to the former point, M. de Baer drew attention to the statement submitted by the Yugoslav National Office, dated 17th March, 1947, which had been circulated to members of the Committee. According to that statement it appeared that Madori took a leading and personal part in the burning down of the library at Ljubljana, as had been testified by five eye-witnesses.

Sir Robert CRAIGIE asked the Yugoslav representative whether the witnesses had testified to personally seeing Madori take part in the alleged crime.

Dr. ZIVKOVIĆ replied in the affirmative, adding that one of the witnesses - the librarian - was himself a victim.

The Committee unanimously agreed, therefore, that Madori's name should remain on the Commission's list of persons charged with war crimes.

With regard to the accused's complaint that he had been held in custody since June, 1945, Dr. LITAWSKI drew attention to the fact that Madori had demanded that some action be taken with regard to his detention.

M. de BAER thought this to be quite a legitimate demand, and asked whether anything could be done to hasten Madori's surrender.

Dr. ZIVKOVIĆ said that the request for Madori's surrender had first been made by his Government over a year ago, but that the request had been more or less shelved. His Government had hoped that the Allied military authorities would proceed with the handing over of Italian war criminals, but since the Peace Treaty with Italy had been signed his Government had been advised to contact the Italian Government direct. The Yugoslav Government had just recently appointed its Minister in Rome, and Dr. Zivković said he would ask that the Italian Government be approached in order to secure Madori's surrender with the least possible delay.

The Committee decided that a reply should be sent to Madori's lawyers, to the effect that the case of their client had been very carefully re-considered, and that the Commission had found no reason to reverse its original decision to place Madori's name on the list of persons accused of war crimes; and further, that the Commission had been informed by the Yugoslav representative that all possible steps would be taken to hasten the surrender of Madori in order that he may stand his trial with the least possible delay.

IV. Re-consideration of Cases (Nos. 3118, 3120, 3121, 3123, 3127), alleging Deliberate Bombardment of undefended Places, (Document I/82).

In order to bring into line its decision in the above cases with the general rulings arrived at in other similar cases (see Doc. I/82), the Committee decided that all persons listed on these cases should be charged with "deliberate bombardment of undefended places" instead of murder, as previously decided.

V. First Priority List.

The Committee approved the first Priority List of War Criminals, containing eleven names.

It was decided to circulate copies of this List to:

- 1) Col. Draper, of War Crimes Group, N.W. Europe;
- 2) United States and French zones of Germany, to be transmitted through the respective members on the United Nations War Crimes Commission;
- 3) Control Commission for Germany, with a request that the List be communicated to the KRIPO H.Q.

A covering letter would be sent to the authorities concerned urging them to take special action in securing the apprehension of the persons listed, and requesting that the Commission be informed of the action taken and the subsequent results.

VI. Closing of 54th and 55th Lists of War Criminals.

The Committee agreed on the closing of the 54th and 55th Lists of War Criminals as on March 6th and March 20th, 1947, respectively.

Corrigendum  
to the Notes of the  
Joint Meeting of Committees I and III.

Committee I Minutes No. 92.  
Committee III Minutes No. 3/47.

UNITED NATIONS WAR CRIMES COMMISSION.

The 6th paragraph on page 4 is amended to read as follows:

" It was further agreed that Dr. SCHWELB should draw up a short statement for the four Ambassadors which, when approved by Sir Robert Craigie as Chairman of Committee III and by Lord Wright as Chairman of the Commission, should be sent to the United Kingdom Foreign Office with the request to transmit it to the British Ambassador in Rome. The United States and French representatives on the Commission would doubtless arrange for copies to be sent to the United States and French Ambassadors. "
